

E-log Book

e-Log Book System for Medical College

A Digital Academic Record-Keeping Platform

Overview

The e-Log Book System is a robust digital platform designed specifically for medical colleges to streamline academic record management through structured workflows and role-based dashboards. The platform digitizes traditional academic logbooks, enabling transparent and systematic student progress tracking.

System Architecture

The platform follows a Modular and Hierarchical structure:

Super Admin (Global Control)

- └ College Admin (Per Institution)
 - └ Faculty (Course/Subject Instructors)
 - └ Students (Course Participants)

Data Hierarchy & Workflow

1. Admin sets up College, Course, Departments, Subjects, Templates, and Academic Years.
2. College Admin defines Phases, imports Faculty and Students, assigns Teachers to Subjects.
3. Students:
 - Register and create profile.
 - Send profile for College Admin approval.
 - Select subjects (post approval).
4. Teachers:
 - Approve/reject student subject selection.
 - Grant access to templates.

- Review and give feedback on logbook entries.
5. Students fill approved logbooks.
- Submit to teachers for assessment.
 - Receive approval/rejection with comments.
-

Key Modules & Functionalities

Authentication & Role Management

- Role-based logins for Admin, College Admin, Teacher, and Student.
- OTP or email-based credential verification (optional enhancement).

Templates Module

- General Templates: Available to all.
- Subject Templates: Require teacher approval.
- Fields: Date, Topic, Description, Learning Outcome, Reflection, etc.

Academic Structure

- Multi-layered: Academic Year > Phase > Course > Department > Subject.

Approval Workflows

- Student Profile Approval (by Teacher).
- Logbook Entry Approval (by Subject Teacher).

Import/Export

- Bulk upload via Excel/CSV for:
 - Students
 - Faculty
 - Logbook Records (for migration)

- Academic Year Management
 - Define academic sessions (e.g., 2024-25).

The screenshot shows the 'Academic Year Management' page in the E-Logbook Admin Portal. The left sidebar contains navigation links: Admin Portal, admin (admin@gmail.com), Colleges, Departments, Courses, Subjects, Academic Year (selected), and Templates. The main content area has a header 'Academic Year Management'. Below it is a form to 'Add Academic Year' with fields for 'Academic Year' (e.g., 2024-2025), 'Start Date' (dd-mm-yyyy), and 'End Date' (dd-mm-yyyy), and an 'Add' button. Below the form is a table of 'Academic Years' with columns for 'Academic Year', 'Start Date', 'End Date', and 'Actions'. The table lists years from 2021-2022 to 2026-2027, each with a 'Delete' button. A 'Logout' link is at the bottom left.

- Templates Management
 - Design reusable Logbook Templates:
 - General Templates (available to all).

The screenshot shows the 'General Templates' page in the E-Logbook Admin Portal. The left sidebar is the same as the previous screenshot, with 'Templates' selected. The main content area has a header 'General Templates' with 'Cancel' and 'Save' buttons. Below the header is a section 'About General Templates' explaining that they are reusable form structures. Below this is a 'Template Details' section with fields for 'Template Name' (e.g., 'Patient Intake Form') and 'Description' (Describe the purpose of this template). Below the details is a 'Form Builder' section with a 'General Information' field and 'Add Field' and 'Add Group' buttons. A 'Logout' link is at the bottom left.

About General Templates
General Templates are reusable form structures that can be applied to multiple log books or records.

- Create custom fields to capture specific information
- Organize fields into logical groups
- Set fields as required or optional
- Choose from different field types (text, number, date, etc.)

Once saved, these templates can be selected when creating new log books, ensuring consistent data collection.

2. College Admin Dashboard

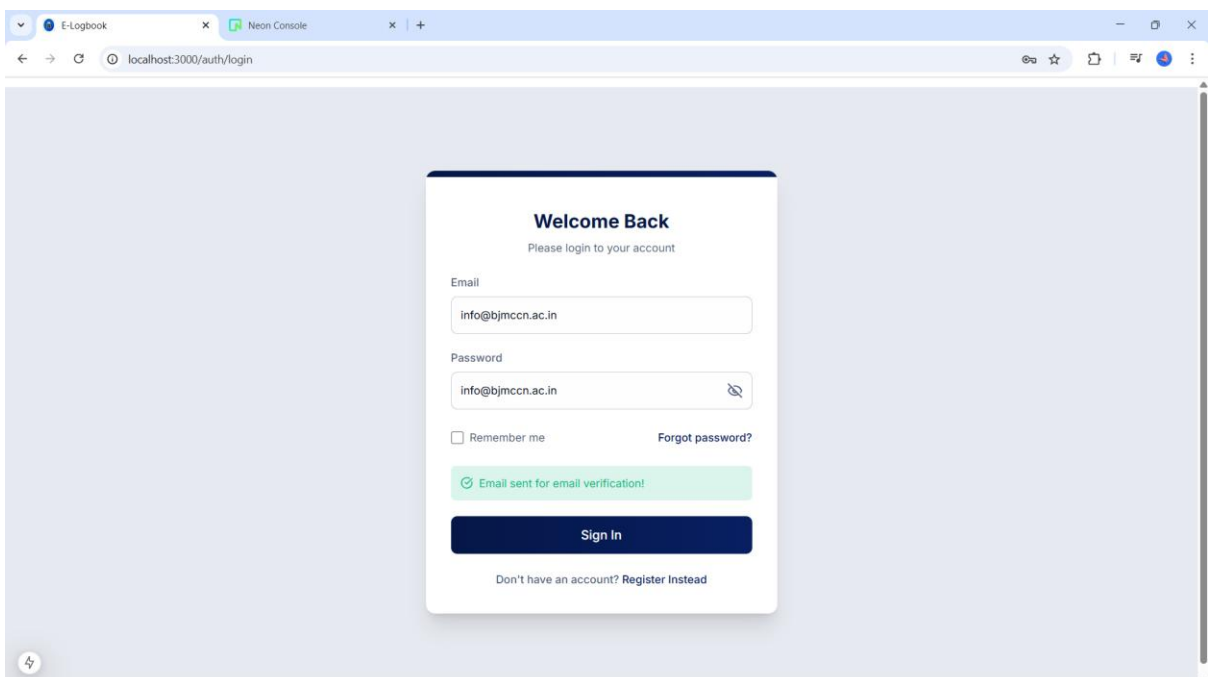

College will assign a email id and password to access clg dashboard

steps to login in College Dashboard:-

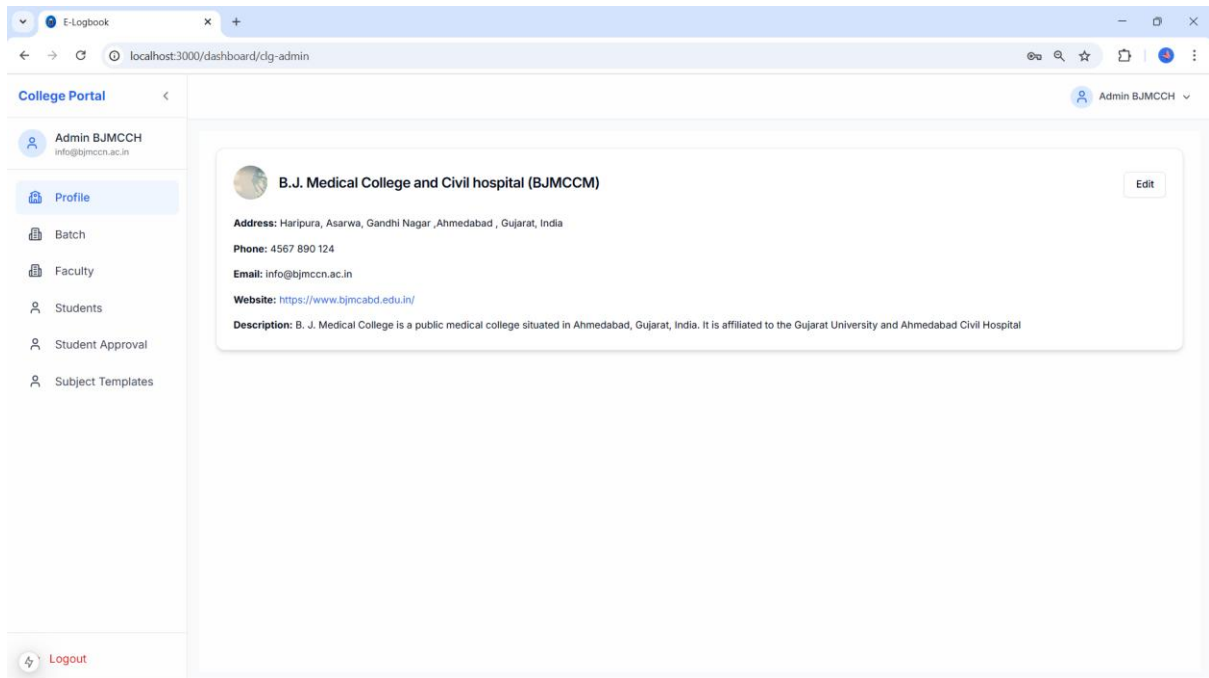

1. Login with E-mail and password given by college

2. After Clicking on sign In button email is sent to college email address for verification, verify the details and re-login to access college dashboard

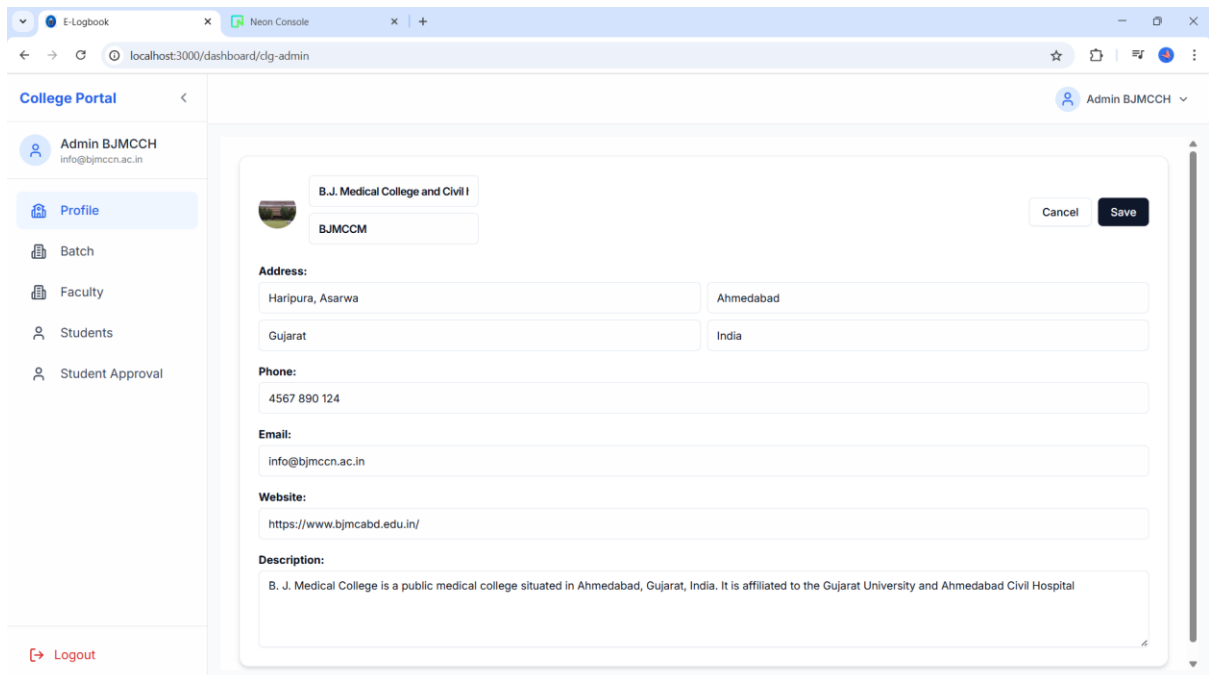

Purpose: Handle college-specific academic configurations and internal operations.

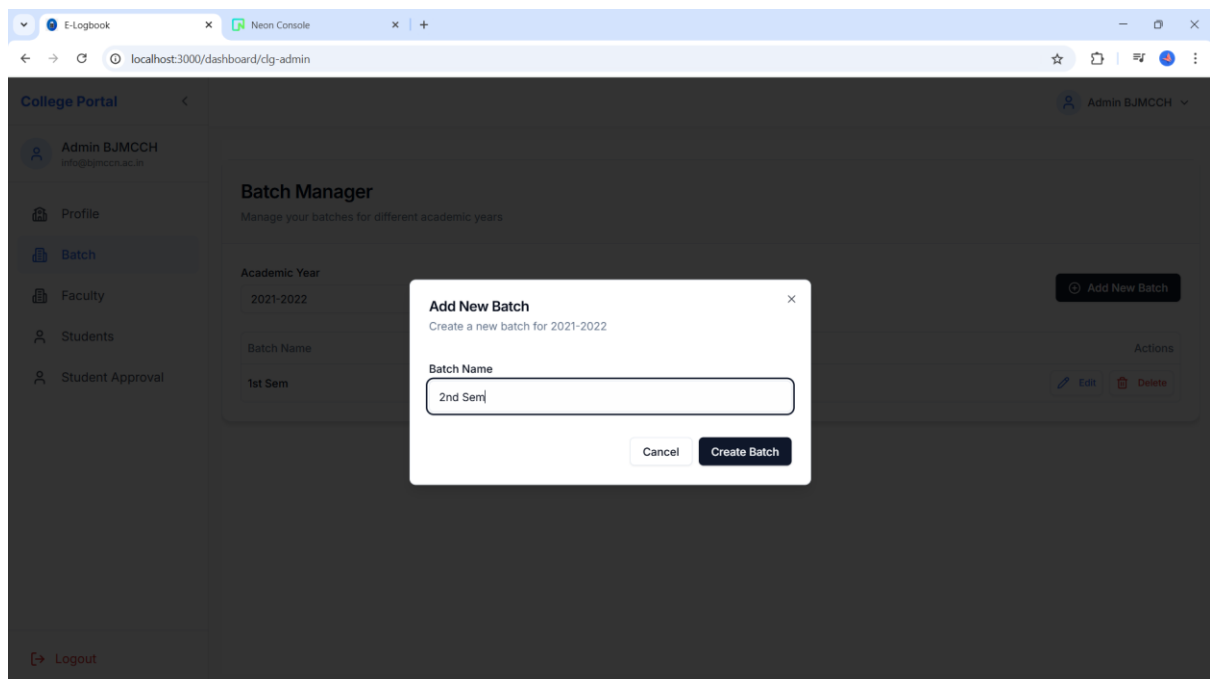

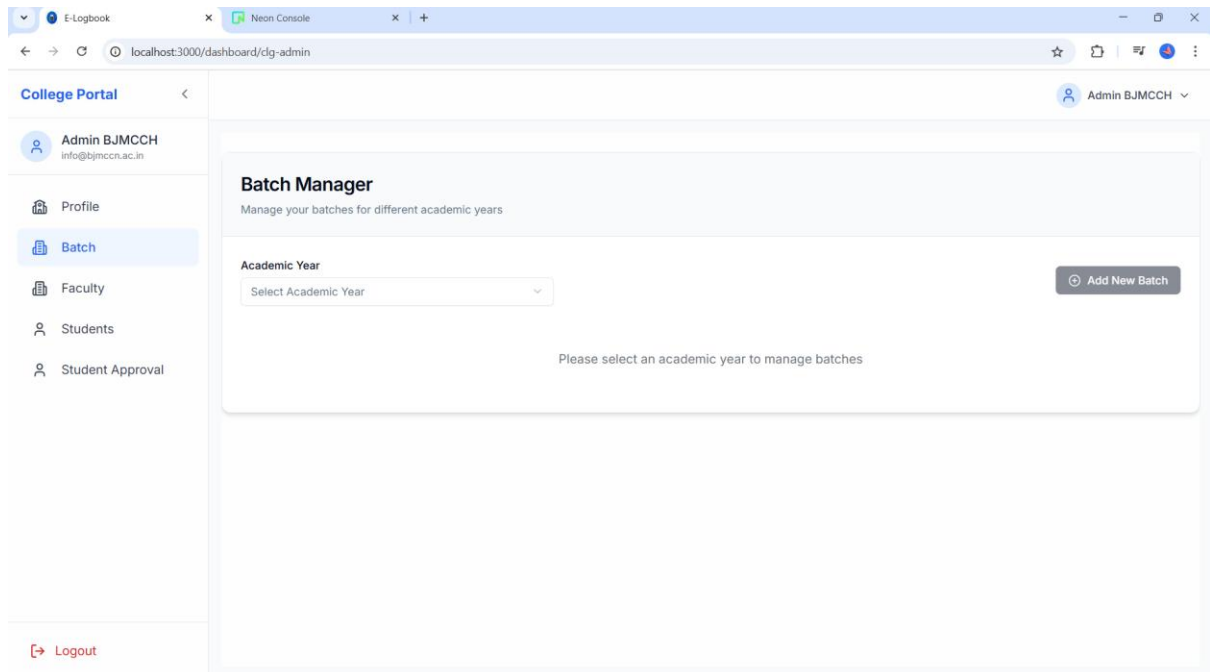

Features:

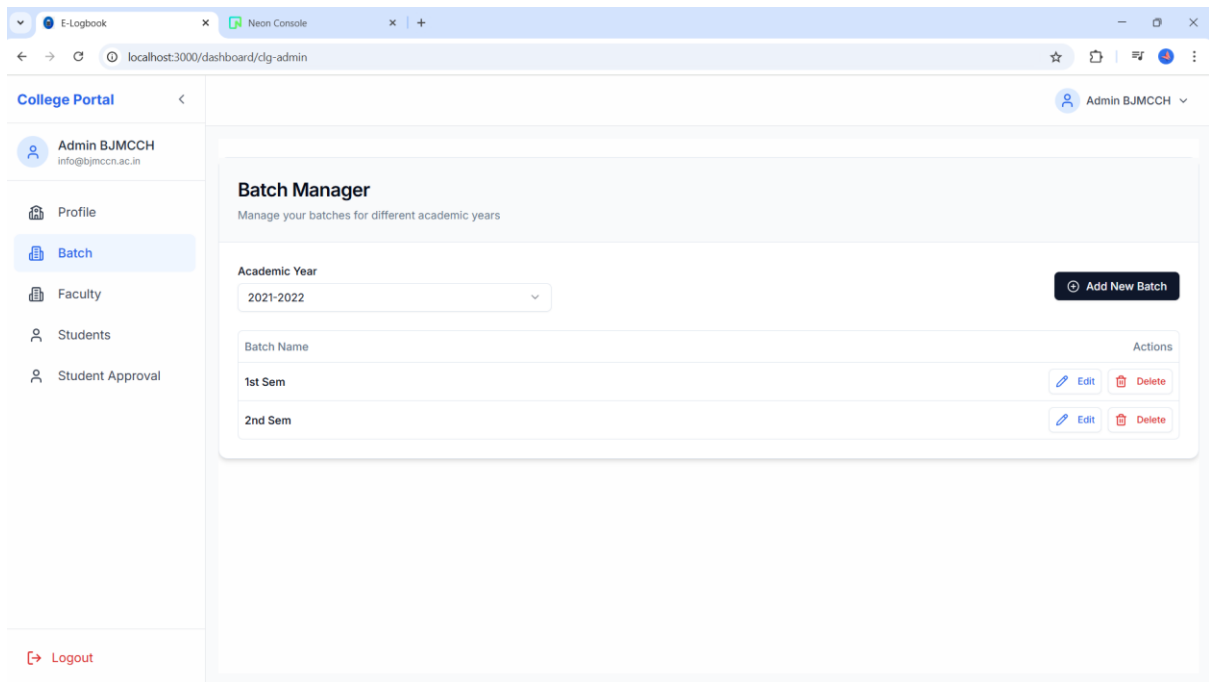

- **College Profile Management**
 - **Manage and update institutional details.**

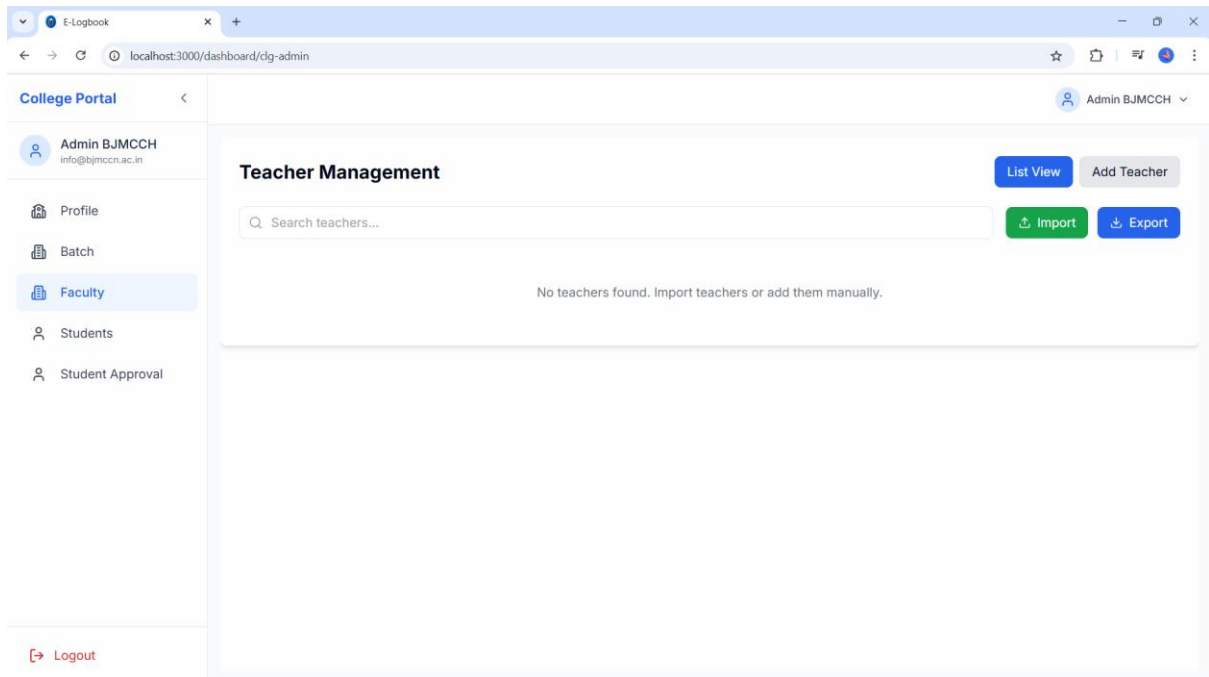

- **Phase/Batch Management**

- **Define academic phases (e.g., 1st Semester, 2nd Semester).**
- **Link to academic years for structured progression.**

- **Faculty Formation**

There are two options to Import Teacher :-

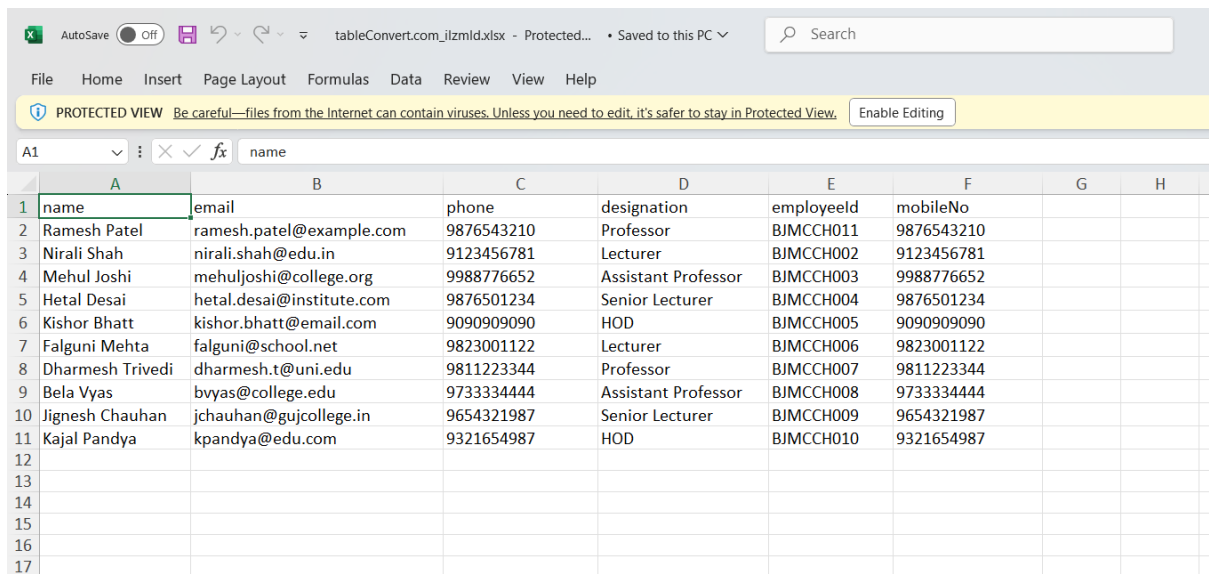

1. Manually – like insert teacher one at a time.

The screenshot shows the 'Teacher Management' page in the 'College Portal'. The user is logged in as 'Admin BJMCCH'. The page has a sidebar with navigation links: Profile, Batch, Faculty (selected), Students, and Student Approval. At the bottom of the sidebar is a 'Logout' link. The main content area is titled 'Teacher Management' and includes a 'List View' button and an 'Add Teacher' button. A green success message states 'Teacher created successfully!'. Below this is the 'Add Teacher Manually' section, which instructs the user to 'Fill in the form below to add a new teacher to the system.' The form contains five input fields: 'Full Name', 'Email', 'Mobile No.', 'Designation' (with a hint 'e.g., Professor, Assistant Professor'), and 'Employee ID'. A large blue 'Create Teacher' button is at the bottom of the form.

The screenshot shows the 'Teacher Management' page in the 'College Portal' with the 'List View' button selected. The user is logged in as 'Admin BJMCCH'. The sidebar is the same as in the previous screenshot. The main content area shows a table of teachers. Above the table is a search bar labeled 'Search teachers...'. To the right of the search bar are 'Import' and 'Export' buttons. The table has six columns: Name, Email, Designation, Employee ID, Mobile Number, and Actions. There is one teacher listed: Atul raj, with email atul.raj@gennextit.com, designation Professor, employee ID BJMCCH001, and mobile number 6792923451. The 'Actions' column for this teacher has a link 'Assign Subject'. At the bottom of the page, there is a 'Desktop 1' button.

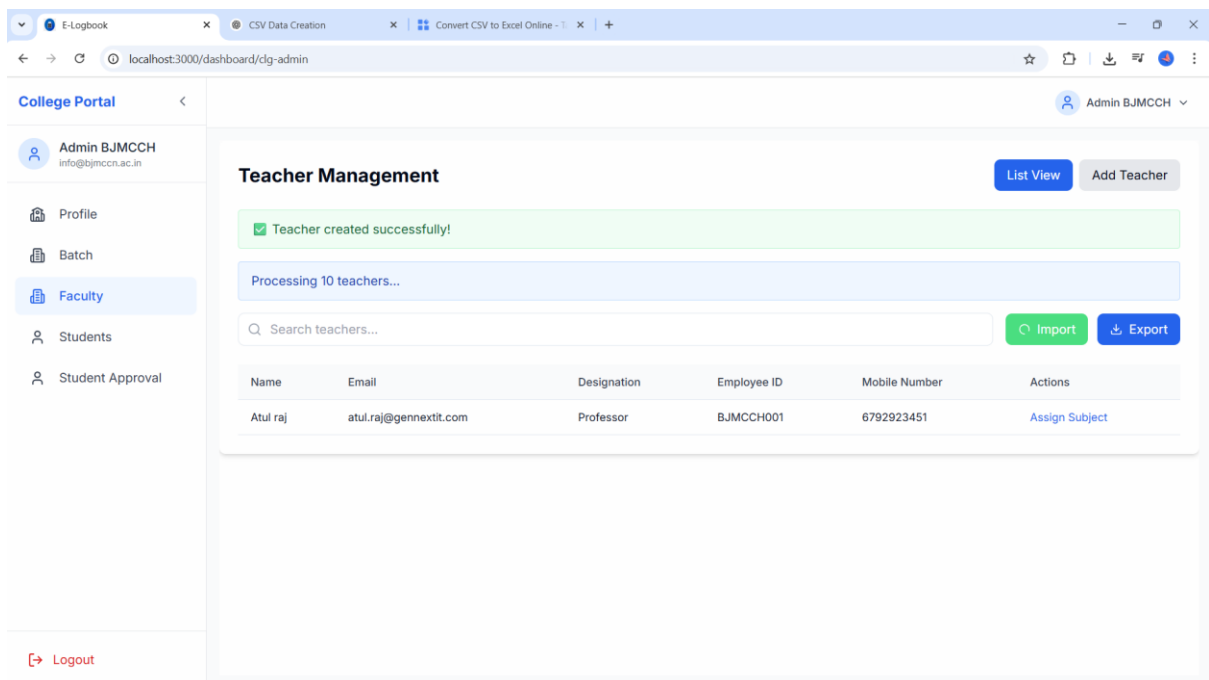

Name	Email	Designation	Employee ID	Mobile Number	Actions
Atul raj	atul.raj@gennextit.com	Professor	BJMCCH001	6792923451	Assign Subject

2. Import faculty profiles (bulk) through excel sheet.

The screenshot shows an Excel spreadsheet with a table of faculty data. The table has 8 columns: name, email, phone, designation, employeeid, mobileNo, and two empty columns. The data is as follows:

	A	B	C	D	E	F	G	H
1	name	email	phone	designation	employeeid	mobileNo		
2	Ramesh Patel	ramesh.patel@example.com	9876543210	Professor	BJMCCH011	9876543210

The screenshot shows a web application interface for "Teacher Management". The interface includes a sidebar with navigation links: Profile, Batch, Faculty (selected), Students, and Student Approval. The main content area displays a success message "Teacher created successfully!", a progress bar "Processing 10 teachers...", a search bar "Search teachers...", and buttons for "Import" and "Export". Below these is a table with columns: Name, Email, Designation, Employee ID, Mobile Number, and Actions. The table contains one row for "Atul raj" with email "atul.raj@gennextit.com", designation "Professor", employee ID "BJMCCH001", and mobile number "6792923451". The Actions column for this row contains a link "Assign Subject".

5. Student Management

There are two options to Import Student :-

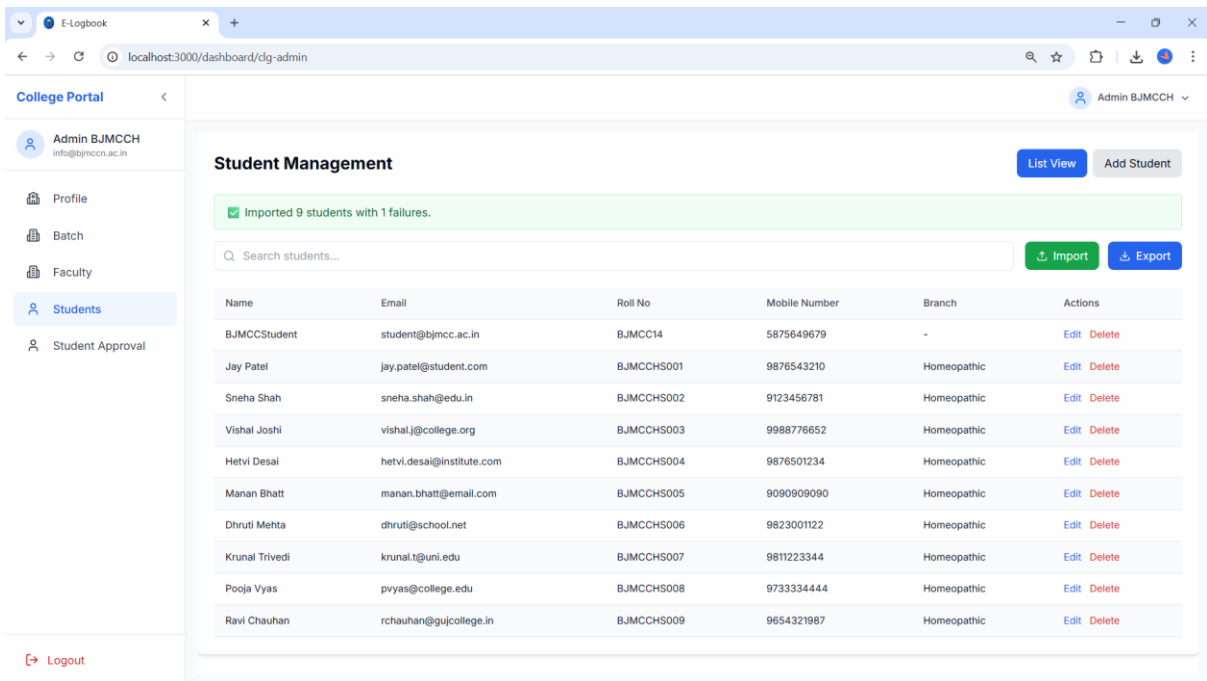

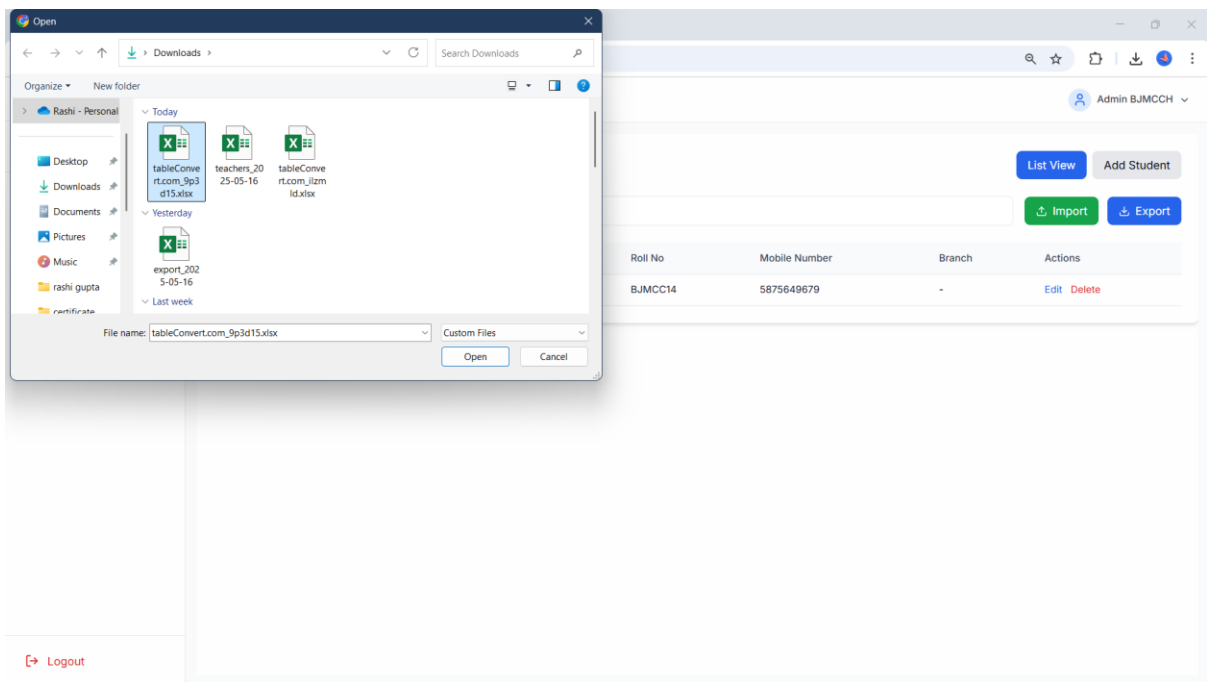

1. Manually – like insert student one at a time.

The screenshot shows the 'Add Student Manually' form in the 'Student Management' dashboard. The browser address bar indicates the URL is 'localhost:3000/dashboard/clg-admin'. The user is logged in as 'Admin BJMCCH' with the email 'info@bjmcch.ac.in'. The left sidebar contains navigation links: Profile, Batch, Faculty, Students (highlighted), and Student Approval. At the bottom of the sidebar is a 'Logout' button. The main content area is titled 'Student Management' and includes a 'List View' button and an 'Add Student' button. Below these buttons, the section is titled 'Add Student Manually' with the instruction: 'Fill in the form below to add a new student to the system.' The form contains four input fields: 'Full Name', 'Email', 'Roll No.', and 'Mobile No.'. Below the input fields is a large blue button labeled 'Create Student'.

2. Import faculty profiles (bulk) through excel sheet.

- View submitted logbook entries.
- Approve or reject entries.
- Add rejection reasons as feedback for students.

The screenshot shows a web browser window with the URL `localhost:3000/dashboard/teacher`. The page is titled "Student Portal" and features a sidebar with the user profile "Rashi Gupta 4" and email "rashigupta@gmail.com". The sidebar includes links for "Profile", "Pending Students", and "Logbook Reviews" (which is highlighted). The main content area is titled "Log Book Entries" and includes a filter bar with buttons for "All", "Submitted", "Reviewed", and "Rejected". Below the filter bar is a table with the following data:

Student	Roll No	Template	Status	Submitted Date	Actions
Shivani Gupta	BJMCCHS0017	Anatomy Logbook Template	REJECTED	5/24/2025	⌵

At the bottom left of the sidebar, there is a "Logout" button.

The screenshot shows the same web browser window, but now displaying the details of a logbook entry. The "Log Book Entries" table is still visible at the top, but the main content area is dominated by the "Anatomy Logbook Template" form. The form includes the following sections:

- Form Fields:** Includes input fields for "studentRemarks" (with a "Checked" checkbox), "Date of session" (with the value "5/16/2025"), and "Topic Covered" (with the value "Nursing").
- Student Reflection:** A text area containing the text "Delicate Patient who has an accident".
- Student Remarks:** A text area with a "Checked" checkbox.
- Teacher Remarks:** A text area with the label "Teacher Remarks *Required for rejection" and the placeholder text "Add your remarks here...".

At the bottom right of the form, there are two buttons: "✓ Approve Entry" and "✗ Reject Entry".
